

# DESIGNING FOR YOUR AUDIENCE

● Shorten your showers to five minutes or less.

● Install toilets in your bathrooms that use less than 1.3 gallons of water per flush.

● Turn off the water while scrubbing dishes and pots.

● Clean driveways and sidewalks with a broom instead of a hose.

● Support the increased use of recycled water for irrigation, industrial uses, and groundwater replenishment.

● Learn about and get involved in water management issues in your city, county, and state.

● Encourage water conservation practices among your family, friends, school, and local government.

● Turn off the water while brushing your teeth.

**your water. your choice.**

**Central Basin**  
Municipal Water District

Central Basin Municipal Water District is a public agency, formed in 1952 by a vote of the people to provide a safe and reliable water supply for the region. Today, Central Basin serves the water needs of more than 2 million people, living in its 24-city service area within southeast Los Angeles County.

Recycled Paper Conserves Water

- Shorten your showers to five minutes or less.
- Install toilets in your bathrooms that use less than 1.3 gallons of water per flush.
- Turn off the water while scrubbing dishes and pots.
- Clean driveways and sidewalks with a broom instead of a hose.
- Support the increased use of recycled water for irrigation, industrial uses, and groundwater replenishment.
- Learn about and get involved in water management issues in your city, county, and state.
- Encourage water conservation practices among your family, friends, school, and local government.
- Turn off the water while brushing your teeth.
