## About

---

## About

MCE is the conference created by developers and designers. Getting bigger every year it touches the aspects of all elements of mobile creation - development, design, UX, and technology. Our goal is to get a holistic picture of mobile devices of all kinds and take a next step in their development, getting to give users the "WOW" impression.

### Do we have your attention already?

#### ENGINEERING

Practical approach on pure coding, hardware, tools, libraries, applications, IoT solutions and new technologies in mobile devices.

#### DESIGN

UX, interaction, and mixing science with art - everything you need to design a great interface and more.

#### PRODUCT

User-testing, product development and valuation and decision making - everything in one place.

---

## Jitter

We invite you to take part in the workshop event at MCE - JITTER. With the option to choose from several different topics, each attendee will have an opportunity to participate in workshops related to technology, product and design of mobile applications. On top of that you can choose to roam freely around the venue where it's going to be held, allowing you to pick up and try out new,

programmers, designers, entrepreneurs, managers,  
 product managers, engineers of future in the mobile  
 world. We're looking for people who can help us  
 into assembling a rockstar  
 team of incredible speakers. Are you as excited as we  
 are? More coming soon.

# Idea for Visual Style

The image displays a website layout for Fort George Brewery. At the top, there is a navigation bar with a hamburger menu icon on the left, the Fort George logo (a red building icon) and the text "FORT GEORGE ASTORIA, OREGON" in the center, and a search icon and a "SIGN UP" button on the right. Below the navigation bar is a large hero section with a background image of a brewery. The hero section contains the heading "THE FORT", a paragraph of text, and a "LEARN MORE" button. Below the hero section are three columns, each representing a different venue: "ORIGINAL PUB", "UPSTAIRS PIZZA", and "LOVELL TAPROOM". Each column has a background image, a title, a description, operating hours, a "Minors Allowed" note, and two buttons labeled "MENU" and "ON TAP".
